

## MULTI-SAW KATANA AUTOMATIC PROFILE GRINDER

Top quality, strong and reliable Grinder

- Profile grinder suitable for sharpening band saw blades including satellite, TCT and swage blading
- Automated wet-grinding machine that shapes saws to have the desired tooth shape, or profile
- The blade is clamped at all times and does not move during sharpening
- Fully automatic machine: enter number of teeth and machine does the rest
- Dual grind cycle, for rough grind followed by smooth grind
- Simple approach for minimal setup time, ease of use and simple maintenance
- Can be set up to also sharpen frame saws and circular saws
